

“Whilst you’re there, we are always here - doing what we do best...”

When you are travelling away from home, on business or pleasure, it’s good to know that your Stockbroker and Investment Manager is looking after your interests on a day to day basis. Founded in 1946 and still family owned and managed, Ramsey Crookall is the longest established independent investment business on the Isle of Man. The firm has built an enviable reputation for continuity, consistency and efficiency allied to a personal approach that clients appreciate and value.

Ramsey Crookall offers clients a wide range of services including execution-only dealing, discretionary and advisory investment management, custodial services, competitive foreign exchange facilities and money management. The company’s base is truly global and all clients can gain access to a full range of securities traded in all of the leading markets worldwide. All administrative services are carried out at their offices in Douglas which insures a totally confidential, independent and offshore service.

Focused on meeting clients’ expectations and aspirations, the firm can offer solutions that

support individual requirements for capital growth, secure income or a balanced approach. It is this commitment to high standards that was recently recognised at a national industry awards ceremony.

Stuart Cowan, Senior Investment Director at Ramsey Crookall, was announced as Wealth Manager of the Year 2012 at the City of London Wealth Management Awards recently held at the prestigious Mansion House in London. A party of Directors attended the event and Joanna Crookall was delighted to collect the award on Stuart’s behalf. Ramsey Crookall was also short-listed in the Best Execution-Only Equities Provider and Best Discretionary Management Service categories.

The financial crisis played out over recent years has eroded public trust in business and financial services in particular. During these turbulent times, family businesses have been highlighted as a source of economic stability and a fundamental cornerstone of the economy due to their associated family values of trust, fairness, passion, honesty and integrity. Ramsey Crookall is proud to uphold these values.
