

Ramsey Crookall & Co. Ltd.

Ramsey Crookall & Co, the Island's longest established and most successful independent firm of Stockbrokers and Investment Managers, is shortly due to celebrate **65 years of continual service to the Island's investment community.**

Established when it's founder: the late Ramsey Crookall returned from active service in 1946, the business is one of the very few Stockbrokers worldwide to remain truly independent. The ground rules set by Ramsey remain in place to this day: discipline, integrity, a desire to put the client first and, above all, to practice the industry motto: "Dictum Meum Pactum" – My Word is My Bond.

The Firm is very much a family affair: Ramsey's son Neal took over the running of the business in the early 1970s and remains as Chairman, regularly at his desk at 7:30 in the morning. Neal's daughter Joanna and youngest son Patrick both serve the firm as CEO and CFO respectively. It is anticipated that their brother Simon will join them when his existing business interests allow.

The Board is also complemented by Managing Director David Harding, who has played a significant part in the growth of the business since joining the Firm in 1972 and shares the family's desire to provide unparalleled levels of service to the Company's local and international client base.

In recent years, Stuart Cowan, Michael Deering, Perry Downward and Tom Croft, were elected to the Board. Each one of them provides a wide range of skills thereby ensuring the Firm remains at the forefront of the industry. It is noteworthy that the Board have collectively amassed 250 years experience in Stockbroking and Investment Management,

Ultimately, the family name is "above the door" so there is a very strong motivation to maintain Ramsey Crookall's reputation. They have been offering enviable levels of service to their clients for 65 years and their aim is to continue that throughout the next 65 years and beyond.
