

Stockbroking & Investment Services *available at Ramsey Crookall*

Core Values remain top priority for the Island's longest established and most experienced firm of Stockbrokers and Investment Managers.

Building long term relationships

Ramsey Crookall believes that investing is a long-term business and we take time to understand our clients' individual financial goals. We believe there is no alternative to personal attention, and this approach is backed by our commitment to employing the very best people in our industry, and giving them the tools and support they need to offer the most well-informed advice.

Independent Advice

Ramsey Crookall's approach to Investment Management is founded on our core value of independent advice and opinion. Our award-winning investment managers operate in a conflict free environment. Their performances and reputations have been built whilst having the freedom to operate with their own convictions.

Customer Service

From executing a trade at the best possible price for a client, to following up with an efficient and timely settlement, Ramsey Crookall always strives to provide the highest level of individual customer service. Hosting our own dealing, settlement and custodian services enables us to provide a complete offshore solution.

Integrity

The trust and integrity that is established between our dealers, investment managers and our clients is central to any service and advice we may offer, and the decisions we may make on their behalf.

Bespoke service

We make sure we understand our clients' individual needs, investment objectives and risk profiles. We can manage tailor-made portfolios for private clients, family offices, trusts, pension funds and charities. No two clients are the same.

Diversify to reduce risk for a given return

Our award winning team of investment managers and analysts are capable of managing and advising on global multi-asset and multi-currency portfolios.
